Fullstack Academy of Code
Chicago, IL
Software Engineering Immersive
December 2019 - April 2020

Augustana College
Rock Island, IL
BA in Business Administration, Marketing
September 2007 - May 2011

PROJECTS

Weather*d — *A web application displaying current and upcoming weather conditions. Sole engineer.*
GITHUB | LIVE
- Accessed public OpenWeatherMap API endpoints via fetch and displayed data through HTML DOM manipulation
- Incorporated Mapbox API on form input to add autocomplete feature and retrieve geocode used to send requests to OpenWeatherMap API

Opus — *An interactive web app providing piano lessons, exercises, and songs. MVP built in a 15-day sprint remotely with a 4-member team.*
GITHUB | LIVE
- Implemented GSAP animation to apply movement to HTML DOM elements based on user interaction
- Customized visually engaging homepage using Bootstrap framework, styled components and React Reveal

Graced Pickles — *An e-commerce website for selling pickles. MVP built in a 10-day sprint with a 3-member engineering team.*
GITHUB | LIVE
- Integrated session cookies with PostgreSQL database, creating a seamless user cart experience
- Applied Agile methodologies to building and shipping features for the site

WORK EXPERIENCE

Goose Island Beer Company, Chicago, IL
Brand Ambassador | March 2015 - January 2020
- Led 12-25 person tours through two production facilities while communicating technical brewing information and company history
- Collaborated with multiple Operations departments as a member of Green Goose Environmental Production Team

Cars.com, Chicago, IL
Digital Ad Production Specialist | April 2015 - February 2018
- Managed ~500 cases monthly through Salesforce, processing new orders, performing timely follow up on aging cases, and maintaining above 90% enrollment accuracy
- Provided technical support to sales and escalated system-wide technical issues for debugging to our Development team
- Mentored new team members on DAP processes and best practices
- 6-time recipient of DAP Employee of Month Award, 5-time recipient of Outstanding Customer Service Award and 2-time recipient for Rock Solid Award

MindFire Communications, Le Claire, IA
Media Buyer | October 2011 - September 2014
- Assisted the Development team by proofing wireframes and testing websites as a user before presenting to clients
- Responsible for over $1 million in media orders during 2013
